REASONS FOR ALLOWANCE

1. Claims 11-20 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 11, prior art does not disclose or fairly suggest a method for performing a partial calibration of an image capture system comprising a scanner and a host computer including the steps of comparing retrieved operational data with data indicative of normal operation, wherein said operational data is restricted to data from previous scans and calibrations, and if any operational condition is not within a norm, determining whether said partial calibration is sufficient to correct said operational condition rather than performing a full calibration of said image capture system, in combination with all the limitations in the claim. Claims 12-20 are allowed by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
